Note: I do not charge late fees to make money. I feel that is inconsiderate and shows a lack of respect to my employees and myself when parent(s) are consistently late.

- All children are to wear the Center uniform starting first day of school, The uniform will be the white or light blue T-Shirt and khaki or blue (shorts, pants) Each child **MUST** have shoes with the Velcro type closing. They love to take off their shoes and it is helpful if they can put them on themselves or with limited help. This is part of the learning process and tie shoes tend to cause unnecessary frustration. Sandals, jellies, boots, crocks, and party shoes cause children to trip, slip and fall. Do not send them to the center with these types of shoes. **Label all clothing with your child's name.**

Illness and Emergencies

- If your child is ill, he/she will not be allowed to attend childcare. You will need to call as soon as possible to let us know about your child's condition.

- If your child is sick with a contagious illness, please keep him/her at home. Any children having flu like symptoms (diarrhea of any kind, vomiting), running a fever, or showing signs of pinkeye will be sent home immediately. **Any child having the above symptoms MUST stay home. They will not be allowed back in childcare until they have been symptom free for 24 hours.** If your child has a written statement from the doctor stating a non-contagious nature of the illness, it will still be up to the provider whether your child will be allowed to return sooner. Excessive irritability will also cause for your child to be excluded from childcare.

- If your child becomes ill after his/her arrival at childcare, it will be necessary for you to come immediately to pick up your child. It is best for your child and the other children for you to do so.

- A **Communication with Health Care Provider** form will be required for readmittance when a visit to a health care provider is necessary due to illness. This form allows us to share with your health care provider what we have seen in your child. This also will help with the sharing of information from your health care provider as to diagnosis, medication prescribed, and time that your child needs to be excluded from childcare. This will reduce misunderstandings when information is related verbally.

- If medication is to be given to your child during the day, it is necessary for you to fill out **Medication authorization** form (that we will keep on file) so there is no confusion about time and dosage per day the medicine is to be given. All medicines to be given **MUST** be in original containers. Prescription drugs must have the child's name on it.
